SUBJECT INDEX TO VOLUME 10

Acute immune thrombocytopenic purpura,
intravenous corticosteroids versus intravenous gammaglobulin in the treatment of, 323
Acute febrile neutrophilic dermatosis, in myelodysplastic syndrome, 343
Acute idiopathic thrombocytopenic purpura
immunology of, 199
oral megadose methylprednisolone versus intravenous immunoglobulin for, 317
Acute Lymphoblastic Leukemia (ALL)
and CNS chemotherapy, 267
central nervous system disease in, 109, 297
constitutive heterochromatin polymorphisms in, 7
cytogenetic abnormalities in childhood, 1, 25
Acute promyelocytic leukemia, All-*trans* retinoic acid in treatment of, 363
All-*trans* retinoic acid, in treatment of acute promyelocytic leukemia, 363
Anemia
autoimmune hemolytic, and use of partial splenic embolization, 105
diamond-blackfan, and Treacher-Collins syndrome, 261
congenital microangiopathic haemolytic, 271
and gastric polyp, in childhood, 183
Antiphospholipid antibodies, clinical manifestations of, 311
Aphasia, and L-asparaginase therapy, 303
Aspergillosis, invasive, in leukemic children, 169
Autoimmune neutropenia, of infancy and early childhood, 369
Avascular necrosis, of bones, in children with sickle cell anemia, 385

B-thalassemia major, desferrioxamine and urinary zinc excretion in, 257
Bone marrow transplants
in childhood malignancies, late effects, 63
and recurrence of leukemia, 279

Cancer, childhood, and nutrition, 283
Cardiac lymphoma, and pericardial effusion, 211
Cardiorespiratory decompensation, following methylprednisolone administration, 249
Cardiovascular collapse, after high dose methylprednisolone, v 10(3)
Central venous catheter, with subcutaneous injection port, 233
Children with cancer talk about death, 223
Circulating cytokines, and fatal infectious mononucleosis, 97
CNS chemotherapy, in children with acute lymphoblastic leukemia, 267
Cytomegalovirus infection, in two infants, 351

Desferrioxamine, and urinary zinc excretion in B-thalassemia major, 257
Dyskeratosis congenita, unusual onset of, 145

Embolized mediport catheter, retrieval of, 179
Endodermal sinus tumor, teratoma associated with, 49
Epipodophyllotoxin therapy, in FHL, MDS following, 16
Erythrocytosis, secondary to Wilms' tumor, 215

Gastric polyp, and anemia, in childhood, 183
Granulocyte colony-stimulating factor, mimicking Henoch-Schönlein purpura, 193
Growth hormone treatment and development of malignancy, 41

Hemangioma of the urogenital tract, local treatment of, 207
Hematuria, and menorrhagia, and Munchausen's syndrome, 245
Hemoglobinopathies, in Turkey, 289
Hemophilia, Munchausen syndrome as, 241
Henoch-Schönlein purpura, and granulocyte colony-stimulating factor, 193
Hepatoblastoma, and hepatocellular carcinoma, in children, 191
Hepatocellular carcinoma, and hepatoblastoma, in children, 191

Idiopathic thrombocytopenic purpura, xi 10(4)
Immunoglobulin therapy, blood rheology and sickle cell anemia, 377
Iran, pediatric hematology and oncology in, 299

Japan, pediatric hematology and oncology in, v 10(2)

Kasabach-Merritt syndrome, megadose methylprednisolone for, 197

L-asparaginase therapy, cerebrovascular complications of, 303
Leukemia
acute lymphoblastic (see ALL)
acute mixed, cutaneous relapse in a child with, 85
childhood, T-Lymphocytes in, ix 10(2), 129
chronic myeloid, and malignant osteopetrosis, 187
growth hormone and, 3
recurrence of, following bone marrow transplant, 279
secondary, and epipodophyllotoxins, xi 10(2)
T cell, 379
Leukemic children, invasive aspergillosis in, 169
Limb congenital fibrosarcoma, report of two cases, 357

Malignancy, growth hormone treatment and development of, 41
Meningeal neuroblastoma, after completing therapy, 210
Menorrhagia, and hematuria, and Munchausen's syndrome, 245
Methylprednisolone administration, and cardiorespiratory decompensation, 249
Methylprednisolone, high dose, and cardiovascular collapse, v 10(3)
Mitoxantrone, reversible cardiopathy after accidental overdose of, 31
Mononucleosis, and circulating cytokines, 97
Munchausen's syndrome
as hemophilia, 241
and menorrhagia and hematuria, 245
Munchhausen's-by-proxy syndrome, iii 10(3)
MYCN amplification by differential PCR, 25
Myelodysplastic syndrome, acute febrile neutrophilic dermatosis in, 343
Myelofibrosis, childhood, transformation to ALL, 175

Non-Hodgkin's lymphoma, gastric perforation in, 101
Nutrition, and infection in childhood cancer, 283

Osteopetrosis, malignant, as juvenile chronic myeloid leukemia, 187

Parental interviews, taped, 157
Paroxysmal nocturnal hemoglobinuria, case of a child with, 347
Pediatric hematology and oncology
in Iran, 299
in Japan, v 10(2)
in Turkey, 141
in the United Kingdom, v 10(4)
Pericardial effusion, and cardiac lymphoma, 211
Polycythemia, and erythrocytosis secondary to Wilms' tumor, 215
Post-monilial extensive esophageal stricture, 111
Prednisolone therapy, and idiopathic pulmonary hemosiderosis, 89

Recombinant interferon alfa-2b therapy, in children with immune thrombocytopenic purpura, 293
Recombinant human growth hormone, late leukemia relapse, 55
Renal autotransplantation, before spinal radiotherapy, 333
Renal tubular toxicity, ifosfamide-induced, 119
Rhabdomyosarcoma of the orbit, 93
the role of chemotherapy, surgery, and radiotherapy in, 95
Rhabeomyosarcoma, tumor lysis syndrome in, 151

Sickle cell anemia
avascular necrosis of bones in children with, 385
immunoglobulin therapy and, 377
Spinal radiotherapy, renal autotransplantation before, 333
Squamous cell carcinoma, in the sacrococcygeal area, 337
Subcutaneous catheter, for injection of various cytokines, 205
Subcutaneous injection port, with central venous catheter, 233
Sweet's syndrome (see Acute febrile neutrophilic dermatosis)

T cell leukemia, with pericardial effusion, 379
Teratoma associated with endodermal sinus tumor, 49
Thalassemia: lung function with reference to iron studies and reactive oxidant status, 13
Thrombocytopenic purpura, following DPT vaccination, 381
Transfusion-related disease, in children undergoing peripheral blood stem cell autografts, 329
Treacher-Collins syndrome, and diamond-blackfan anemia, 261
Tumor lysis syndrome, in rhabdomyosarcoma, 151
Turkey
hemoglobinopathies in, 289
pediatric hematology and oncology in, 141

United Kingdom, pediatric hematology and oncology in, v 10(4)
